Education

Jun-2014 - Sep-2020 **Higher Technical School of Professional Studies**

Kragujevac, Serbia

Undergraduate degree in Computer Science with a thesis:

"Recognition of handwritten digits using Neural Networks" ([pdf](#))

Skills

Gathered experience from numerous industries while working on web apps, blockchain apps, deep learning projects, compilers, and tools for synthetic biology. Making decisions based on first principles, taking an extremely minimalistic approach to solving problems, and practicing outside the box thinking. Summary:

- Problem-solving - 5/5
- Data structures and algorithms - 4/5
- Machine Learning - 4/5
- Rust - 3/5
- Javascript - 4/5
- Web development - 3/5
